JHB/VT/30775

Dear Martha

PM 1326 Philippines
Our File: 30775

NOTED Forlers

Marta recommends not amending along lines of us at this point

I enclose a copy of a standard preliminary action calling for details of the basic US application. The term for reply will expire on 28 December.

Since we have the issued patent in this case, a copy (which I can provide) will answer all the questions.

If you would like at this time to bring the claims in the Philippines into line with those in the US patent, bearing in mind that Philippine practice is closely modelled on that of the US, please let me know since it could conveniently be done at the same time.

Yours sincerely

J. H. Bass
